ConstructionOnline <small>(n = 53)</small>	89	88	91	82	93
Procore <small>(n = 48)</small>	87	90	88	80	84
Autodesk Cloud <small>(n = 16)</small>	85	83	85	81	81
Buildertrend <small>(n = 27)</small>	84	80	83	74	84
Construction Category Average <small>(n = 1,409)</small>	89	86	87	85	87

Reviews Insights Competitive Comparison is based on end-user reviews from Software Advice. Average ratings and review counts include published reviews within the 12-month trailing year of the publication date. Considered reviews are limited to those from reviewers who work at companies within the Construction industry. Ratings are collected on 1 to 5 basis and scaled to 20 to 100 for comparative purposes. Reviews Insights Competitive Comparison constitutes the subjective opinion of individual end-user reviews and ratings; they neither represent the views of, nor constitute an endorsement by Software Advice, or its affiliates.

Track performance with the Project Health Scorecard.

The TrueVision Project Health Scorecard gives you and your team a holistic, company-wide view of your projects' performance. See which jobs are under- or over-performing, track budgets & profitability, identify & mitigate risks and much more.

Project Health Scorecard Features:

Schedule Progress Tracking

See how far ahead or behind projects are progressing compared to scheduled milestones and target dates.

Over / Under Budget Views

Quickly see how project budgets compare with actuals and make more informed decisions.

Color-Coded Indicators

Set thresholds for task completion, upcoming items, unresolved RFIs and more, visualized with color indicators.
